

Jordan Visa Instructions

Most nationalities are required to obtain a visa to enter Jordan. Fortunately, CET is there to help you through the process. Feeling stuck and not sure what steps to take next? Contact CET at 800.225.4262.

Visa Application Process

1. Determine whether or not you will process your visa through CET.

Most students can process their visa through CET, which is our strong recommendation. In fact, for students who process their visa through CET, we cover the visa processing fee!

If you are **not a US citizen**, you can still process your visa through CET. You must first determine your requirements for a visa to study in Jordan. Check with the Embassy of Jordan in the country of your citizenship. CET can help facilitate the visa application process, so contact us early on in the process to make a plan.

If you will **need your passport for any reason before you depart for Jordan** or if you are planning on **arriving in Jordan more than two weeks before the program begins**, you will need to process your visa on your own.

THROUGH CET

2a. Notify CET that you will process your visa through CET.

Send your materials to CET by the date listed on your Deadline Checklist. The material *Visa Application and Passport* will be marked in your online account when CET has received it.

4a. Wait for your visa to be processed.

CET will submit your application to the Embassy of Jordan. You will receive your passport (with visa inside) about two weeks before the start of the program.

5a. Upload a scanned copy of your visa to your CET online account.

This will confirm that you have received your visa.

ON OWN
